

20/22

morning after office party

- If you print this counted cross stitch, print at 100% - do not scale
- Use whatever thread color you'd like
- Finished size is based on the cloth size you use (I use 14)
- Use a washable embroidery marking pen to mark grid on cloth (or don't.. yolo)
- When you are done, remove canvas from hoop and erase grid lines by rinsing in cold water

You will need:

- 1, 6-8 inch hoop
- 14-count embroidery fabric
- 3, embroidery threads
- 1, needle
- 1, blue washable embroidery marker

Here's a mini how-to:
